CAREER OBJECTIVE

I would like to enhance and develop my professional skills in handling diverse learners through a reflective teaching practice and data driven decision making.

CORE QUALIFICATIONS

- Teaching Skills (Based on NCBTS)

Learning Environment

- provide learning activities that allow all learners to reach their full potential
- maintain a learning environment that promotes courtesy and respect for all learners
- show enthusiasm to conduct learning activities in any given situation
- show an accepting response/gesture in dealing with questions of learners
- inspire learners to set high performance targets for themselves

Diversity of Learners

- show diligence in obtaining information on different learning needs
- appreciate the need to consider the differences in experiences and capabilities of learners
- know the cultural background of my students and its implications to my teaching
- Adopts strategies to address needs of differently-abled students

Curriculum

- Delivers accurate and updated content knowledge using appropriate methodologies, approaches and strategies
- have knowledge about multi-disciplinary integrative modes and techniques of teaching
- materials or resources appropriate to learners
- integrate content of subject area with other disciplines
- understand how ICT-based instructional materials/learning resources support teaching and learning

Planning, Assessing and Reporting

- know the elements and process of developing an instructional plan (e.g. daily, weekly, quarterly, yearly)
- manifest openness to make necessary adjustments to improve the instructional plan
- Identifies teaching-learning difficulties and possible causes and takes appropriate action to address them
